Ameena is very sick...
If she were to have a fit on the mountain...
And she wasn't saved, I don't what...
T-T-That's right!
If her body's so weak,
Then why did she go to the mountain in the first place?
The old story about the Palmira flowers...
Where your wish will be granted...
Flowers...? A story...?
What's that?

The Goddess of the moon and rain, Palmira, will grant your wish.
The story goes that if you create a bouquet of a thousand of the flowers,
So she went to the mountain to look for these flowers?
Sophia used to look for them when we were young...
Sounds like four leaf clovers...
To search for Ameena!!
Let's go!
COMP
.....
Yeah!

Phase 17: Duggus Forest (Part One)

Well
This is some amazing fog
Van guard, wasn't it?
.....
What was the name of that planet
But it's kind of like that other forest
H-hey, Fayt, are you ignoring me?
Shut up!

Ameena could have a fit any minute
If you've got time to move your mouth, then move your feet
Irritated
Irritated
That's right
We need to finish this as soon as possible
Irritated
What's got their panties in a twist?
Cliff really is carefree
He's always getting side-tracked

This sort of thing ?
I'm saying I want to finish with this sort of thing as soon as possible and hurry to the capital

I can't forgive that being delayed for the sake of one person
And that will put Aquaria on the path to peace
The completion of the Runological weapon will end the war

We haven't said we're going to help you yet
Wait a minute

You ....!!
Besides, are you saying that you would abandon one person for the sake of many?
That s not the point
You just can t protect every thing
For the great er good
There s bound to be victims is it?
This is nonsense, anyways
But!!
Wait, wait, you guys!
Ameena isn't your childhood friend!

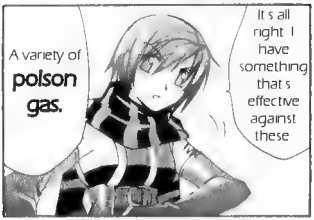
.....
Even if it's self ish!
But, I'm going to save her because I want to
This world This war It seems like
When Sophia and I have been seperated
I couldn't do anything.
That time,

Fayt...
I still don't know where she is.
Is she okay Is she still drifting, like me
Is every-thing going badly for her
Fayt—!
That time, I couldn't do any-thing
I regret that more than any thing
This is my It's my problem
You're not help-less on your own I want you to under-stand

Kyaaaa!
Nn?
Was that a scream?
Is it Ameena?!
Ameena!!
Hey, wait, you two!

What the ...?!
This ...!
The vines ...?!
Could it be, this...

What in the world...
Is this ...?!
Is this thing?
What the heck
You'd better be thankful for all the help I give you
Geez
It catches its prey by luring it into the mist
The Meat Eating Plant, Grapevine
*Called Grapeland in the anime.



A variety of poison gas.
It's all right I have something that's effective against these

A plant that eats people?
Whaa?

Frown
But it's dangerous for people, too
So we'll have to run before we inhale any

ポンッ!!

Grab

You too, what were you thinking?!
You! What did you do that for?!
That s
Uu
What would you do then?
What if Ameena inhaled some?
What in the world are we going to do about these guys ?
In that case,
Unless you have some other idea...?
We'll just have to fight them normally, won't we?

Are we gonna have to mow the whole mountain?
ガサッ
Geez
How many of these old men are there...?
Where are you?!
Ameena!
Where is Ameena?
We should hurry and go back!
We're almost done

Over here.....
Ameena!
Are you okay?!
Me....
Herp.....

I'm a member of the Frau clan
FLAP
FLAP
Thank you for saving me!
Hey Hey Hey—!!
Wrong per son
Could it be that child the thieves captured?
Search- ing for some- one ?
We're search ing for some- one
I'm sorry, but we're in a hurry
The thieves captur- ed?!
The child...

There must be someone inside
There's a light shining
That's it.
That's the thieves' hideout
Hot blooded, aren't you
Ameena's waiting
We're coming to save you now!!
Well, this is as far as I go!
FLAP
FLAP

Don't make a sound!
Let's go!
I can hear something. There's definitely someone in there.
Four or five, I'd say.
If it's just that many, let's just bust through the front!

At a time like this, we should lure them out!
Wait!
This time,
We'll use this
But
How can we do that?
This time it's just a smoke screen!
It's not dangerous to inhale!
I'll throw it in the window
And then we'll beat them when they come out the entrance

Let's go!
A fire?!
What's this smoke...?!

Here they come!
Ku...!!

He knows how to fight !!
This guy... he knew it was an ambush?!
Fay!
You're ..!
Ah-!
Nn?

You're those suckers from yesterday, aren't you?
That over-charging meat bun seller from Peterny?!
So you're a thief!!
And so what if I am?!
Didn't you come to take every thing I own?

Are you saying it's un fair?
Villain!
So you're both here, huh?!
Tch...!
Are you talking about that brat ?
Young girl ?
Did you kidnap a young girl?
We just want to ask you one thing!

Who took Am-eena!!
So it was you...!
That's probab ly a differ ent
W Wait a minute!

W... Wait!
Are you going to
beg for your life?!
Cliff!
Right!

It's over.
Okay.
Damn...

This is it.
Don't get any ideas.

Ku-

I lost.
Do what you want
That wouldn't be very sporting, would it?
We just want
To ask you some-thing
Your meat buns...
Were delic ious...
So why are you a thief? Why rip people off?
Isn't making an honest living with your shop good enough?

I had a store
Tch

Airyglyph attacked
But as soon as I had cleared the debts on it

The war huh
So this person is a victim of war, too
Every thing burnt down
In the war

Like doing this sort of thing
I don't

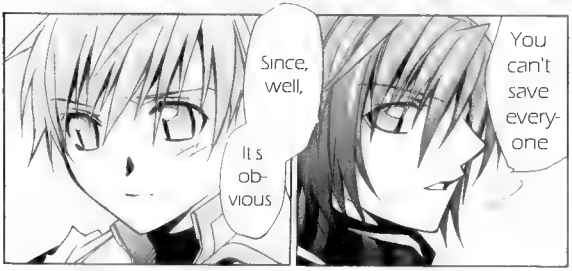
I don't know what else I could do
But, I
Old man.
Unless it ends, it really will
But, for that
The war has destroy-ed so many people s lives
ドロロ
ドン

This guy is a thief!
H Hey, Nel ?

He's just like this because of the war
But, Didn t you hear his story just now?

There's no way I'm going to forgive their crimes!
The war took his home and family It's sad, but

If you overlook it out of sympathy, a country would fall into chaos
No matter what your reason is, a crime is a crime



Since, well,
It's obvious
You can't save everyone

Don't you think the best way would be to end the war entirely?
It'd idealistic of you to think you can help everyone who's become a victim in this war
But we can't afford to run around saving everyone one by one

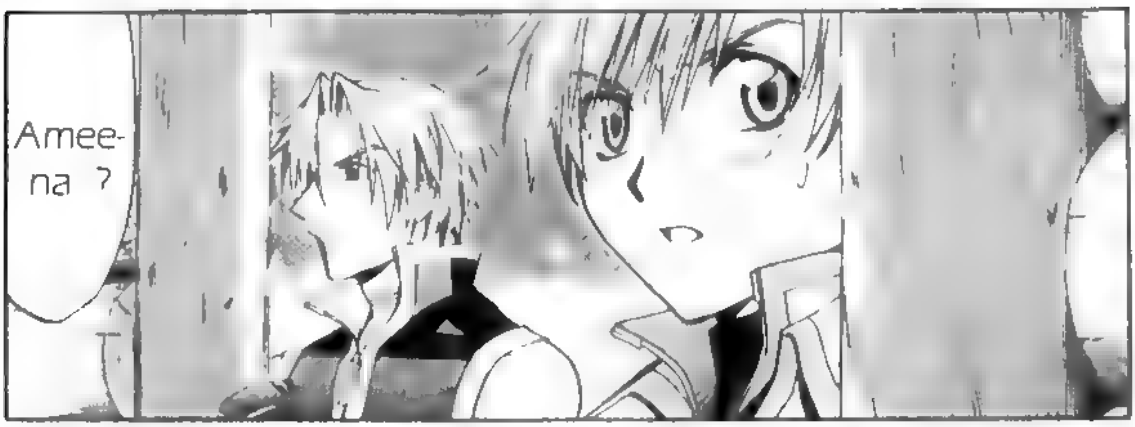
Why I want to use it against Airyglyph.
And now you understand why I want it
But if we have the overwhelming power of the Ultilogical Weapon
They want the power to destroy everything
So it's a weapon to threaten them with, huh
Their troops moral will fall.
And I believe their invasion will cease

That, for both countries,
Would be the best way to lessen the number of victims
Even if we have to threaten them to do it
It still seems like a really violent way to do it...
Well, not really
I agree with her
After all, we're in the middle of a war
People will hold on to their grudges, and kill for it.
It's a pretty stupid situation, though, isn't it?
There's no way someone who grew up in peace times could understand it

.....
But, Nel,
I want you to under-stand, too
I think, no matter what the country,
Supporting war technology is a crime
I just wanted
You to know that

It's true I might have said a bit much
I'm sorry
And you might have been a bit over-sensitive
Right?
Ah Right.

Th That's right!
Well, all right
Now that that's done, shouldn't we hurry and find Ameena?



Amee-na ?

Ameena!
Say some-thing!!
Ameena!! I'm coming now!
Such a small cage
W Who ?
Ameena!!

Y...
Yo?
I'm Roger
S Huxley
Are you
here to
save me...?
.....
What s
wrong?
Hey
Hey
Hey-!
はぁ...
Wrong
person
again

Phase 18: Duggus Forest (Part Two)

You guys are here to save me, right?
My name is Rodger S. Huxley!
This's
Hey.

Hey Hey Hey-----!!
The wrong person
Still not Ameena
Noisy little guy
Hurry up and open this!!
What are you doing, you stupid idiots?!
Humans really are nothing but a bunch of idiots!
I'm not little!!
You're just a big lummox!
くわっ!!
Uwa-!!
It's our duty!
I suppose we must hurry and help people in need
What was that?

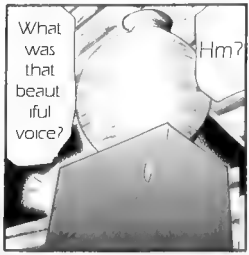
What did you do!!
You tipped over the cage, didn't you!!
Now then let's hurry and go
You damn hum-ans!
Say some thing, damn it!!
Is this really all right ?
Serves that little brat right!
H He—y
Are you really go-ing?
SHAA...
W Wait
It's dark and I can't see any thing~

Hey, Hey, Fayt
Just leave him be
I guess we've got no choice.
Hm?
Shi-ne
……
グイッ
Oryaa----!!
Ow-!!
ガン
ガン
Woah!!

ぴょーんぴょーん
The big lummox, and the medium sized one too!
……
You really are idiots, aren't you!!
I forgive you!!
You don't need to say it!
It's heavy! I can't move!!
ゴトゴト
Hey--!! What did you do?!

He—y! Wait!
I was only kidding!
.....
Is some thing the matter?

Aah some annoying little brat
A child ?



Hm?
What was that beaut iful voice?

I'm in here~~!!
That s horrible, you two
Nel san, that's danger ous!

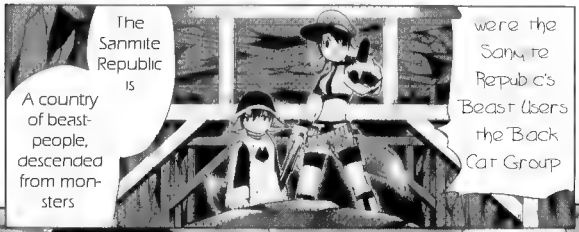
Hey, that really is dangerous!
He's
What are you saying?
And against a child
I'm going to help him
Shi-nu
Nel-sa . !!

So tell me
Sparkle
Sparkle
Sparkle
How is this child dangerous?
Thank you!
Pretty Onee-sama...
What the heck?
Such a big smile

Keeping you locked up in a cage
That's such a cruel thing to do
Thank you!!
Onee-sama~~~~~!!
H-hey, let go of me
No~
If I do, those two will bully me aga-in
He's nice to women, but cruel to men, huh?
What a twisted little brat
That's embarr assing
He resemb-les Cliff a little, though

.....
Nn?
Don't touch it with your filthy hands, you big oaf!!
むんず
What's this?
The shortie's gotta tail?
You're very knowledgable!
That's right, Onee-sama
きゅむむむ
You're from the Sanmite Republic The Menodix clan, correct?
Aah, I see

Yes... from the pair we met in the Kirlsa Caverns.
Sanmite I feel like I've heard that somewhere before



The Sanmite Republic is
A country of beast-people, descended from monsters
were the Sanmite Republic's Beast Users the Black Cat Group

They didn't seem that bad
Even though they were using monsters to bounty hunt,

They aren't their allies, either
But
Though Beast People aren't an enemy of humans

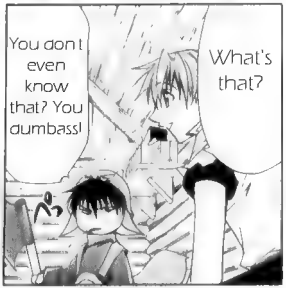
They went and locked me up!!
Of course we aren't!
You damn middle-sized one!!

Ah!
But I'm your ally, Onee sama!

Anyways, why did those thieves capture you? Shortie
Why should I tell you, you big oaf?
Would you tell us why?
I'm so glad you asked! Onee sama!!

That is...
The reason the thieves captured me was
For the sake of the Dare!
To be frank!

A test of courage, Onee-sama
What is it?



You don't even know that? You dumbass!
What's that?

And they should do everything big!
Real men are courageous!
It was Justice!
They were saying this band of thieves were the strongest in the forest. So I thought I'd come and exterminate them myself!
But haven't the thieves already been dealt with?
When I find them this time, I'll mince them!
Only because I was caught a little off guard!
And you screwed up and got caught?

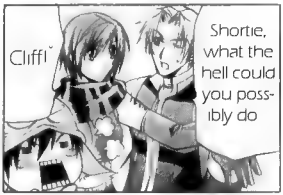
ガシン!
He really is just a child
He's just a a kid playing.
I was supposed to be the one to beat them!!
Why'd you go and do that—!!
We've got to go search for Ameena!
Yeah
We don't have time to spend with this guy, right?
Fayt!
Eeh !?
O Onee-sama—!!
Later
We're in a hurry, so we've gotta go
So hurry home
It's dang er-ous,

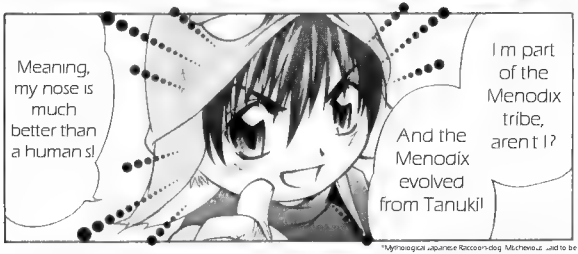
The fog's gotten thicker...?
This is. .

A quad scanner!
Fayt, look at this

This could be a prob lem
I can't see a thing

Yeah. . but there's a few reactions
We don't know which one's Ameena
This guy is useful at times like this





*Mythological Japanese Raccoon-dog. Mischievous and to be a master of shapeshifting, but pretty gullible and absent-minded

Who're you talking to?
Tell us please?
Tell you?
Let's go!
Tell us! Which way do we go?
Well, if you say it like that I suppose I can't say no, can't I?
えっへん!
Tell us, please Rodger sir?

Follow me!!
This way!

Water ?
It's the smell of water!
Fayt!
Look,
To clear the fog ?
Could she be waiting for the spring
I guess the cheeky brat saved us
There's definitely something in this direction
On the scanner grid,
Ameena... She's safe...
Thank goodness...

This is... the spring...?
Where's Ameena?
Hmmmm Well,
sniff sniff
She's right here!!
Huh?
Look, here she is!
ガラ…

Eh? You did?
I said it was a human girl, didn't I?!
You guys again—?

What was that!!
Wh

So you are use less, huh, Shortie
What the

Yeah That's enough
Say things like that and I won't help you anymore!
Everybody makes mistakes, right—?

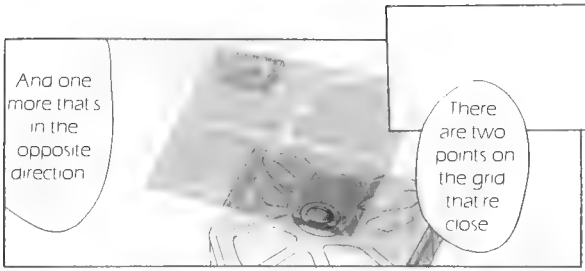
I'm sorry, but we don't have time to play with you
We don't have time for this
Eeh?!

E
Even Onee sama!!
ガガーン!!
That's true
We've wasted a lot of time already
Well yeah
You have some thing, right?
Some-thing that can tell Ameena's location
You two have been sneaking about for awhile, but,
We don't need to waste time like this, right?
Then why don't we hurry?
It's not like that!!
You're right
Yeah

Isn't that why we're saying we don't have time to stay with you?
I was just kidding!
Just because you guys don't know how to take a joke

.....
She could have an attack and collapse, so we have no time to waste
Ameena is sick

Don't follow us anymore
Hurry and go home



There are two points on the grid that re close
And one more that s in the opposite direction

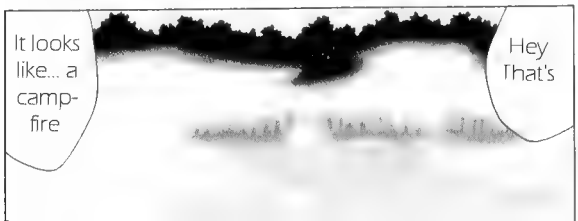
Okay!!
We'll go there first!

To know where people are
What a conve nient object
Seems like spies in your country would have a difficult time
We can t tell who or what it is, tho ugh, so we can t relax yet
Hey

びくっ
That damn shorty is still following us...

Stare

Right now we've got to concentrate on finding Ameena!
Don't worry about him, there's nothing we can do



It looks like... a campfire
Hey That's

How much longer will we have to be in this mountains?
Ah— I'm so bored—
It can't be helped
Hey, Pierre,
Tell me something interesting to pass the time~
And people would get angry if we had this fog in the city
The monster this time needs moisture

This fog is so clingy, too
I think I'm going to grow mould
Just when will I finally get to be lovey-dovey with Lord Albel, I wonder .
SFX Haaa
I didn't think they'd beat not only the Larva Crab, but Arsplute as well
Not until we beat those three, right?
*SFX Unenene

It'll be no problem!
So will the mon ster this time be okay, I wonder?
That's right!
This Mud Man is a superior species to Arsplute.
We'll finish them off for sure this time!
ア…ア…
Woah— It stinks!!
This smell is coming from the slime—!
びくっ!!

Who...Who's there!!
Who's bad mouthing my friend!!
Waa-!
Kyaa-!
Well now!
Looks like I caught a pair of little beast-people!
Yo!
It's been awhile, you two
Y...
You're...!!

Were you going to get this guy to fight us?
Another monster, huh?
Yo!
It was these two after all
Cliff!
A sludge giant?
Still, what an awful smell
What is this guy?
Seems like these guys made all this fog, too
It resembles the monster from the Kirisa Caverns, doesn't it?

Tch
I...
I...
Uuuu...
Ah...
Shor
ty
Didn't
you
say
that?
You
annoying
old man!!
Don't
make
Pierre
cry!
Wo-
ah?!
Let
go!
Cliff!!

Are you okay?
Woah that was dangerous
This time won't be the same as before!
Lord Vox said if we couldn't capture you, we could kill you!
Go! Mud Man!!
Avenge Larva Crab and Arsplute!

Tch !!
Here it comes!
That's dirty!
Woah!
Those guys
Th

That's because you were caught off-guard!
Good grief
Hey, Hey This is turning into one smelly and dirty battle
Outside of that, attacks will have no effect.
This is a puppet-type monster. It should have a core somewhere inside it's body.
That's its true form
We've got to cut deep enough to cut the core in two
Just like that time,

You guys
You've already lost!
I'll tell you something!!

Indeed It seems they never learn
That beast brat is pretty conceited, huh

This is..
Ku.

Uu

Nel-san ...?!
Cliff...

It's finally starting to affect you..
Smile...

I told you, didn't I! This time we definitely won't lose!!
Mud Man's mud is poison ous!

Phase 19: The Road to Aquaria

Mudman's mud is poisonous!!
Go! Mudman!!
I told you! This time we definitely won't lose!

Cliff!
Nel-
san!!

That we'd lose!!
There's no way...
It really is use-less if it's not the core!!
The place I cut is heal-ing...?

I... They're...
Kurin!!
Pierre and
I've gone and met some unsavory characters...
I don't want to get involved with them...
I should hurry and go home!!
Waa-!!

Wait, shortie..
Who's there?!
Wh...
I'm dizzy because of the poison..
So you'll have to lend a hand beating those guys up.
L... Lummox...
Can't be called men...
People who are afraid of failure..
That's impossible
Th

They're really famous!
Even though they're around the same age as me..
Those two are special
Those two are really strong!
Kurin is famous for her skill with guns.
And Pierre can become friends with monsters...
I guess you really are just a kid then, huh?
Well, well, Roger
It wouldn't be any use.
E-even if I were to do something..

Wha ...?!
Facing someone stronger than you,
Isn't that like a battle of men?
Only fighting battles you can win
That isn't courage.. is it?
Listen, Roger... A man .
Isn't strong by himself. He's strong by fighting with companions.

That we're fighting to rescue a young girl?
Didn't we say?
B... But. .

Which one do you think is the bad guy?
And those guys are using that damn monster.
Isn't that a battle of men?
Beating the bad guys is protecting justice

Tch.. I guess I've got no choice
If I could beat them that'd be awesome!
Pierre and Kurin are scary, but
I supp- ose I can help you out!!
If you say it like that...
I'll defeat them, and prove that I'm a man!
Kurin and Pierre
You're the man.

My vision is getting blurry
Is the poison taking effect ?
My sword ...!!
That's eno-ugh!
チャリ

Ku...!!
It really is strong, isn't it? Mudman's poison!!
You were fools to say he stinks!
Yeah..
Good job, Pierre!
Hey, Hey, you're in my way —!!

To a battle between men–!!
I challenge you...
Don't come any closer!!
One of their friends?!
Look ou-...!!
Bounced off?!
My bullets...

Waaaa-
Owww—
Fuu
Fuu
Fuu
How was that? My last catch
Special attack!!
R.
Roger?
What was that~~~
M... Mudman!

Fayt! Throw me up there!
We still have to deal with this guy, huh?
Got it..
There you go!!

I'll beat you up!!
Stop—!!
S...
How's that!!
You did it!!

I'll beat you up!!
S...
Stop—!!

How's that!!
You did it!!

Don't say that sort of stuff when you're shaking...

!!
Uu...!

The poison's taking effect.
H.. Hey.
What's wrong?

O...Onee-sama...
Poison... Will he be all right?
Just in case something like this happened
I kept an antidote on hand.
Thank you.. Nel-san.
Stay still
It'll take effect soon
Phew

He—y!!
Yes.. About that.
We still haven't found Ameena. .
But...
Cliff...?
Found her!

But we should still hurry and get her back to town
Hoshi
She's only fainted
Thank goodnes
Amee na
Phew
スリスリ
Well, everything is thanks to Sir Roger!
A kiss as a thank you would be fine, Onee-sama!

You would've been fine even if I hadn't saved you
No . Since the antidote was so effective,

Later, shortie
It's like you said.

Eeh-?! No thanks .?
Well, let's head back to Peterny

AHAHAHA
Wai-
It's not like that——!!

Town of Peterny
It was a very dangerous place, wasn't it?
You really did save her life.

Will she be okay...?
She needs to rest for now
It would have been dangerous if you had been any later.
I want her to stop clinging to the hope of the Palmira Flowers...
Ameena's body has always been weak
Combined with her terminal illness...

Dion ?

on ..
Di .

Though he moved away some years ago...
Dion is the name of Ameena's childhood friend..
That's probably what she wants to wish on the flowers for
To see him one more time..
It seems they've been exchanging letters ever since.
If her wish came true.
It would be nice
To see her childnood friend again is it..?

Well. . Shall we go?
Ameena...
There's nothing more we can do here
Please get better...

We've almost reached the Royal Capital
We'll have an audience with Her Majesty once we arrive.
What will we do, Fayt?
Have you made up your mind?
No
Runi logic al Weap on nun?
Onee-sama--!!
Shock
These two are whisp-ering about something!

sigh...
Don't call me brat-!!
How long are you going to keep following us?!
You brat!
So I'm coming along!
You guys are sure to get yourselves killed!!
Are you saying I can't take care of myself?
And I couldn't let Onee-sama do it all by herself!
Over there.
Look.

This is the Royal Capital of Aquaria.
A city on top of the water?
Beautiful, isn't it?
Let's go
The Queen is waiting
The Queen, huh Sounds nice
Cliff.. I told you before
If you're rude to Her Majesty
Consider your life forfeit.

Beautiful, isn't it?
A city on top of the water?
This is the Royal Capital of Aquaria.

Let's go
The Queen is waiting
The Queen, huh... Sounds nice.
Cliff I told you before
If you're rude to Her Majesty
Consider your life forfeit.

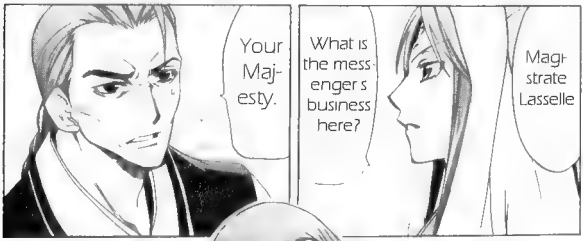
I am the Queen and ruler of this country
Romeria Zin Emurille.
Welcome to the Holy Kingdom of Aquaria

I I'm Roger S Huxley~
I.. I am Fayt Leingod
I am Cliff Fitter
It is a great honour to be granted this audience with you
We are at war with Airyglyph.
You have likely already learned of this, however...
So we would like to ask for your aid
And we do not like our country's state in this war.
In the next bout, there is little doubt we will suffer great casualties.

Chaos in the Holy Land.
This chaos would become catastrophe, and would spread across the land, birthing a new maelstrom of war
We believe this is the crisis of which an ancient King of Aquaria fortold.
This arrow will rend earth and sky, and will bring about turmoil for a time.
At the height of this war, the Arrow of Apris will fall from the sky.
But know that what lies ahead will be ruled by peace and tranquility.

I believe it is with your help we will finally bring about peace
But I believe it is not an arrow it speaks of, but you
.Even if you ask
Fayt
What will we do?
But it's true the war has already started
I wonder if peace really could happen, if they fought power with power
A messenger from Airyglyph has arrived!
Your Majesty!

A messenger.
From Airyglyph you said?



Your Majesty.
What is the messenger's business here?
Magistrate Lasselle

A new declaration of war!
It's revenge for the two engineers that were abducted by an Aquarian spy

Fayt!
Gasp!
Please lend us your power...
With this situation...
Who knows what the damage to the people will be.
If this continues, my country will be destroyed..
Nel san .

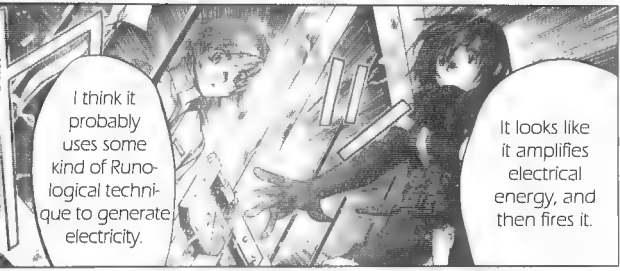
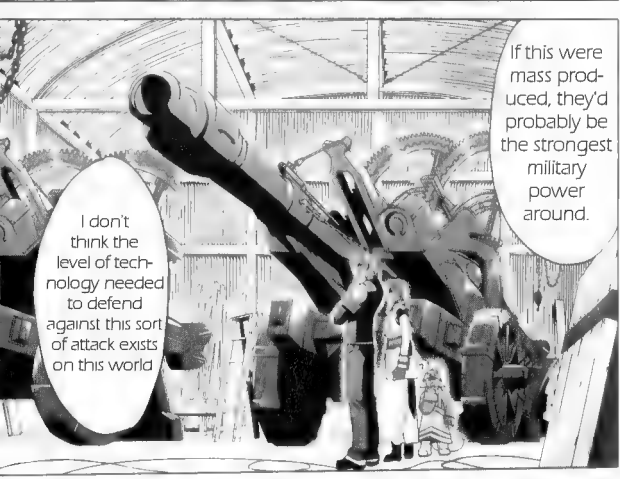
Phase 20: Runological Weapon

Are you sure you know what you're doing?
With this Runological Weapon?
Despite how I look, I am a student of the Science Academy back on Earth.
And this is a perfect example of Super Technology.
The Royal Capital, Aquios
Sacred Kingdom of Aquaria



I think it probably uses some kind of Runological technique to generate electricity.
It looks like it amplifies electrical energy, and then fires it.



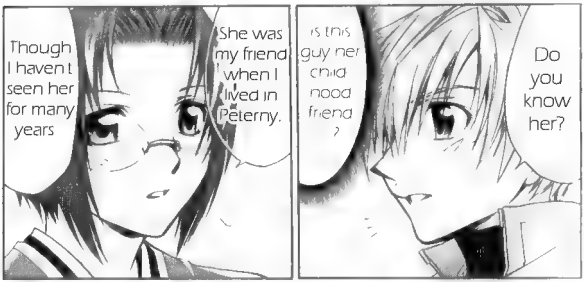
If this were mass produced, they'd probably be the strongest military power around.
I don't think the level of technology needed to defend against this sort of attack exists on this world

Oh.
This's the first time I've seen him look so happy.
He he he he he
Interesting It's really interesting
The person who made this might not even be from this world

Who are you?
Was that a compli ment?
Saying we're not from this world...
And this is her assistant, Dion.
This is Lady Elena
She developed the Runo-logical Weapon.

So you've already forgotten where, old man?
Hey, Fayt!
Dion... I've heard that name somewhere before!

Did you say Ameena?
It was Ameena, wasn't it!
I do reme-mber!!



Though I haven't seen her for many years
She was my friend when I lived in Peterny.
Is this guy her childhood friend?
Do you know her?

Ill-
ness
...!!
Dion-san. .
Ameena's
illness ..
Do you
know
about it?
The
Doctor says
it's incurable
But in
her fever,
she called
for you!
Abso-
lutely
not!
That's
Won't
you go
to
Peterny?
If you
were
there,
I'm sure
she'd start
to feel
better!

Nel-san...
It's unfortunate, but,
Dion san!
Yes.. I know.
Dion needs to do something about the weapon.
And we don't have much time until war breaks out!

It's fine!
But Ameena's been waiting so long for him. .
I'll go and see her after the war is over.
If we lose the war, all the citizens will become victims, so. .
In that case, leave it to me!
Unless it ends, everyone and every thing will become a victim
The war again
Roger?

Would that be... wise?
It'd be easy!
It should be fine if I go to Peterny and let her know, right?
That we found Dion!
Aren't I always good?!
What's with that worried look?!
Granting that would also be an awesome test of manliness!
The prayer of a maiden abandoned during a great war...

What do you think? Onee-sama ♡
Aren't I cool?
Huh?
……
スッ
スッ
Uh, yes... You're very cool, Roger
Ah, geez...
Really~~~?
Then I'd better get going!
What is with him?
Men in love can be stupid sometimes.
Here you go, Dion-san
What's this?
There's improvements that could be made on the weapon
Yes... This is...
I see!

Those guys. Look somehow similar
Ufu fu
I see! That would increase power by.
And if we were to modify this...
fufu
fufu
Yes.. That's right
Nel-san, doesn't your Runology get stronger when it's put through copper?
It's a pretty big modification, but. .
And one other thing.
With iron wires like it has now, not only is the conductivity bad, but they'll burn out.
As I thought Seems Runology is a lot like electricity.
So it would be better if the wires were all made of copper

If there's iron, then copper should be common, right?
Why?
That will be difficult.
Copper, huh...
Also, we have no idea what the mine is even like inside
In this area, there's only one copper mine... And it belongs to Airyglyph.
I suppose we've got no choice but to steal it.
That's worth betting our lives. !!
It's fine. We'll manage something.
So if we get copper, then the weapon will be complete, right?

Since that's originally what it was for
Detecting the copper ore with the Quad Scanner will make it go a lot faster, right?
Cliff?
We'll go too!
Right?
Under-stood
Then we'll prepare the carriage and workers.
And depart!!

Lady Nel~~~!
The Border Town, Arias

Farleen! Tynave!
Seems like you've both recovered.
Yes!
Don't screw up this time, kid
Don't call me kid!!
I'm going to explain the mission plan
Be quiet!
Our goal is the copper ore.
We'll be disguising ourselves as peddlers to cross the border

We'll exterminate the border guards, and make for the copper mine.
We'll need to take as much copper ore as we can in the time we have
Before the replacement troops notice it, we'll already be back.
Everyone, brace yourselves!
This mission will decide the fate of Aquaria!
Yes!

Nel-san.
We'll take the lead
Where the copper vein is exactly...
You guys don't know it, right?

Though I can't tell you how
Yes .

Are you saying you do?
.....

At this point, I have no reason to doubt you
I under-stand .. I'll leave it to you

I thought the carrion birds were causing a commotion
Keep moving! Take them out in one shot!
Don't let the guards escape!
So that's what it is...

Let's go!!
Begin the mission!
Seems like they've gotten stronger since last time.
Inter-esting..
This way!
Do you know where the mine is?
Seem like fun...
They...

We're almost out of time...
All right! This will be our last load!
With this much.
There should be plenty to finish the weapon
Yeah. Sorry about relying on you for everything.
Once this war is over.. I'll do something to pay you back.

ドゴッ!!
Quit thinking about suspicious things, idiot—!!
A favor owed!
Just what I always wanted~~~!!
Yeah
Those two sure are lively.
Anyone looking at your face would know it!
How did you know?
Saying I was thinking suspicious things..
Move it, you two!
All right! We're heading back!

Lady Nel—!!
H... Hey!
Wait up!!
Lady Nel, That's-!!
Albel...
Nox!!

What is he...?!
Damn it. !
He's too close !

Yo!
Bastard.. It's been a while, hasn't it
You, huh..
Stop the carriage!
Farleen!

You guys go on ahead
Nel, I'll deal with this guy
I'll catch up once I'm done.
Don't use that voice, Fayt
I'll be fine.
Cliff!!
We still haven't dealt with your dad
I just have to mince this guy first!
I won't break my promise

Cliff. I'm sorry
Get the carriage moving..
Farleen..
Lady Nel...
All right
Ah..
Don't be stupid!
Get going!!
Don't die...
Hey!!
You get going too!
Tynave!

It doesn't matter!!
However many of you there are...
Try not to bore me!!
You're an impatient bastard!

We're going ahead in the carriage!
Each of you, decide on your own way back!
Seems like Tynave stayed behind too
I'm sorry about Cliff.
Fayt..
I don't know, but,
It's thanks to them that we escaped
I wonder if they'll be okay~~~?

But,
Sacrificing someone
Is something I can never get used to .
Is this how Apris tries to teach us of self-sacrifice, I wonder...
Like when He set Himself on fire and became the sun...
How many more must be sacrificed for the sake of this war ..
What is it we're fighting about? Sometimes I wonder..
ガラ
ガラ
ガラ
ガラ

Nel-san..
Is this the will of Apris..?
It'll be all right
Trust him .?
Don't you trust Cliff?
Cliff is an honest guy.
That is, I don't think he's the sort of person to lie

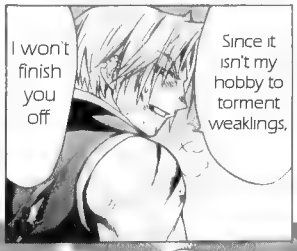
That wasn't just his usual confi-dence
He really thinks he'll definitely win
Go on ahead!
The war has begun
That's right...
I wasn't thinking
Besides, we have things we should be doing!
So trust in him now.
This copper ore will decide the fate of the war!!
You two have to come back!
Cliff Tynave
We'll change horses in Arias, and continue through the night!

Look at that.
The spires of Aquios
There's someone up ahead!
That's ..?

Onee sama?!
Roger? What's the matter?!
I-I went to Peterny and told Ameen everything
But then she insisted on coming to Aquios
Haa
Haa
We walked all night, but we only got this far.
She suddenly seemed like she was in pain and collapsed...
I didn't know what to do.
What?!
Is she okay?!

Ameena!
Are you all right?!
Be quiet... Fayt.
This girl... Her condition is very dangerous
!!
What in the.
You're ... ?!

Gu...
Cliff!!
Ass hole
Are you all right?!
Heh
It's not that bad... Bastard



Maybe we'll meet again. .

Fate was on my side today .

Albel still hasn't returned?!
We must strike before they complete their Runological weapon
Hrm
There's no other way, Your Majesty
We'll overrun Aquaria!!
All troops, begin your advance!!

I managed to get in contact with Quark
Our rescue off this planet's on it's way, and will be here soon.
!!
You're...
Mirage-san!!
It's been a long time, Fayt.

What happened to Cliff?
Cliff is .
Yeah
Do you know her?
For now, we should deal with her...
She's in a lot of danger.
Seems like there's quite the story behind this
Farleen, continue on with the ore.
I'll make arrange-ments at a nearby inn.
If there's a place she can rest...
I'll go get Dion!

Phase 21: Decisive Battle

Move out!
Steel yourselves, soldiers of Airyglyph!!
Aquarian Territory, Arias
The Airyglyph troops have moved quickly..

Move out!
Steel yourselves, soldiers of Airyglyph!!

Aquarian Territory, Arias
The Airyglyph troops have moved quickly...

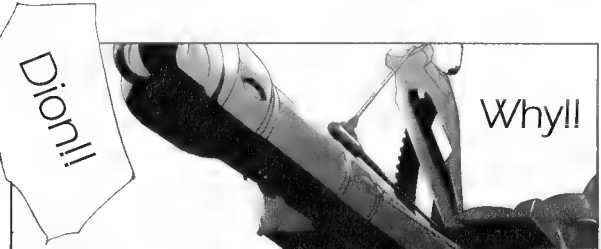
The Runological Weapon still isn't...?!
No... Not yet...
Any word from the Capital?
We just got back-!
He-y, Claire!
That is...
Who is that?
And it seems like we're just in time!

Lord Adray...
Commander of the Light Fang Division, and the best swordsman in the history of Aquaria...
ドン!!
Well.. It is reassuring he's here, but..
.....
That's reassuring, isn't it!
...So, what's the matter?
Lady Claire's?!
He's my father
I wanted to see you, my daughter!

Ha ha. . ha. .
Though his honesty is his weak point.
How is it? See the resem-blance?

Nothing to it!!
What battle?! We'll just go right through the enemy's lines and take their general's head!

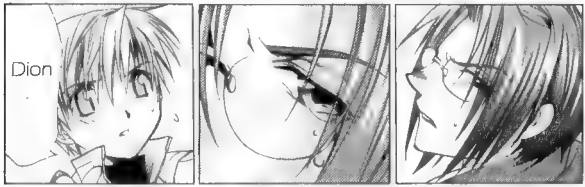
We'll crush Airy-glyph!
GA HA HA HA HA HA HA
Now that I'm here, we'll totally over-whelm them!!



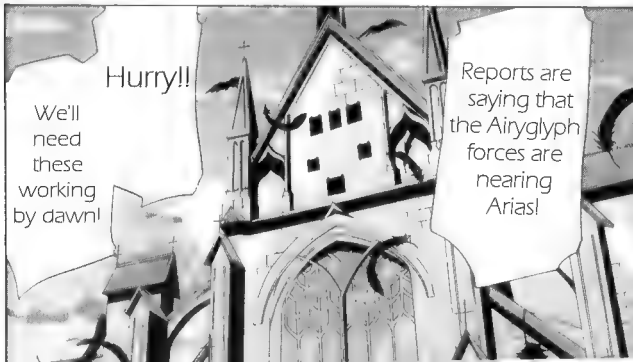
Dion!!
Why!!

Please don't say it
It is my duty to see the weapon comp-leted
Ameena is right here!!
She wants to see you...
But you say it's imposs-ible to go...!!

Ameena should understand.
I can't let this country be destroyed by war.
So I don't have time to just go and see her.



Dion



Hurry!!
We'll need these working by dawn!
Reports are saying that the Airyglyph forces are nearing Arias!

Fear not, brave soldiers of Airyglyph!
The Aquarian forces are few!!
For now...
We'll take it easy on you
uuoooooo!

Lady Claire.
There's just too many. .
Gasp
You aren't holding out very well, are you?

Nel ...!
When did you get here?
Just now
Then .. Does that mean the wea pon is ?
That's .
It can t be .

Take a look.
カラ
カラ
カラ
The Runological weapon... The Thunder Arrow.
It's finally complete.
You'll be surprised when you see their power!

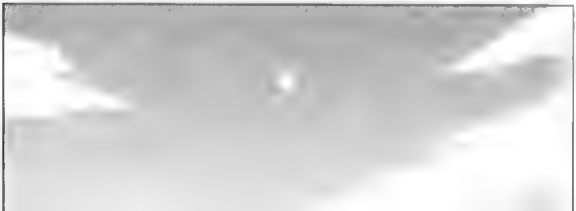
Lord Adray has arrived
My fa .
Besides that, how goes the battle?
But there's still so many of the enemy Time will be a problem.
Because of that, the Black Brigade's movement seems somehow sluggish..
Also, Albel Nox is nowhere to be seen.
Cliff nasn't lost !
At least, the fact that Albel isn't here means
Albel
Does this mean Cliff beat him?
Send word to Lord Adray!
And wait until he replies!
Prepare the Runo-logical Weapon!!

All this is to end the war
It would have been wrong not to
If this war ends, everything should be better
Dion can go see Ameena

And
I managed to get in contact with Quark
Our rescue from this planet is on its way, and will be here soon

It feels like it's been forever
Even though it's only been a few days
Then I can go back To that great ocean of stars

Sophia...
I'm coming to see you soon



That's. Adray Las-bard
OOOOORYAA!!
I must stop that old fool...!!

How can you be opposed to this, Woltar!!
Other wise, I know it will become difficult
We must take out Aquaria in one decisive strike
I must not lose!!
This battle

Vox...
So you've come!!
Adray Las-bard!!

Impu-
dence
!!
Ku.....!
You...
Adray!

Lord Adray and his unit have scattered

What...
KU...!!

What in the world is this...?!
What...
Ku...!!

What power
.....

No... Wait, Dion.
P... Prepare the second volley..
Our goal isn't an all-out massacre
That doesn't seem necessary.
Good thinking, stopping here.
Yeah..
Fayt.
Isn't that right?

Nel-san!!
I'LL NEVER LOSE!
NEVER!
Vox!!
So your plan didn't work out?

This place is pretty danger ous, huh?
